The month of May was a big month for Alberta's trades schools as Skills Canada hosted the Alberta Provincial competition in Calgary.

During this grueling competition between the best of the best in each trades category youth were

able to demonstrated their exceptional skills and showcase their talent of their future profession.

In the category of esthetics many schools participated and once again, the **European Institute of Esthetics produced Gold and Bronze Medal Winners.**

"The students were truly in a league of their own", states Harmony Wolgemuth, Director of Education of the **European Institute of Esthetics**, who was beaming with pride along with instructor Anna Smith

while watching the students standing proud and tall on the podium to receive their medals.

"Learning in a true spa environment from accredited and dedicated instructors has resulted in graduates that carry themselves with pride, confidence and empowerment which helps them excel in the vibrant industry of Esthetics. Watching these young ladies blossom into highly skilled, professional individuals is the greatest gift to us. The results of Skills Canada, once again, emphasize the true asset of our in-depth esthetics program", states Inge Patton, CEO /President of the European Institute of Esthetics.

Words from our Winners:

"Knowing EIE was an award winning school in the provincial and national Skills Canada competitions, helped me decide to compete. Not only did I win a Gold medal for Alberta, I also represented my province at the National competition. An experience of a lifetime! I know I could not have achieved my goal without the skills, professionalism and attention to detail I have learned at EIE."

- **Tammy Le:** *Gold Medal Winner*

"The training and dedication of the instructors throughout the 8 month program encouraged me to compete. The instructors worked with me every step of the way. I was thrilled and proud to win the Bronze Medal for Alberta. My theory and practical education together with the health and hygiene standards at EIE give me the confidence and skills to look forward to my career as a professional esthetician."

- **Kaila Malito:** *Bronze Medal Winner*
